

Agenda Item No:	5	
Committee:	Cabinet	
Date:	27 January 2025	
Report Title:	Fees and Charges 2025/26	

Cover sheet:

1 Purpose / Summary

To receive the recommendations of the Overview and Scrutiny Panel's consideration of the Fees and Charges for 2025/26.

2 Key issues

- The Panel met on the 20 January 2025 to review the Council's Fees and Charges for 2025/26, in line with the Budget Strategy considered by Cabinet on 16 December 2024.
- The report detailing the proposals considered by the Overview and Scrutiny Panel is attached.
- The fees and charges for 2025/26 considered by the Overview and Scrutiny Panel are at Appendix A of the attached report.
- Members of the Overview & Scrutiny Panel after careful consideration, recommended to Cabinet that the proposed Fees and Charges detailed at Appendix A be approved for inclusion in the final budget proposals for 2025/26.

3 Recommendations

- Members consider the recommendations of the Overview and Scrutiny Panel and approve the Fees and Charges for 2025/26.

Report Title:	Review of Fees and Charges 2025/26	

Cover sheet:

1 Purpose / Summary

To review the Council's Fees and Charges for 2025/26, in line with the Budget Strategy considered by Cabinet on 16 December 2024.

2 Key issues

- At a separate agenda item, the draft Budget report for 2025/26 highlights the significant financial challenges the Council faces over the medium term and the scale of savings required.
- The current and forecast economic climate dictates that the Council's charges have to remain sympathetic to local people's ability to pay, whilst at the same time maximising income to the Council.
- Consumer Price Index (CPI) inflation at September 2024 was 1.7% and currently stands at 2.6% (November 2024), reducing slightly over the last twelve months from a rate of 3.9% (November 2023). As many of the Council's contractual arrangements use the September CPI for increases, this has been reflected, where appropriate in the proposals for increases in 2025/26.
- The Council is experiencing significant inflationary pressures relating to staff costs, energy and fuel costs, contract costs and supplies which are increasing at a higher rate than the prevailing CPI rate. Consequently, the majority of charges where we have discretion to amend are proposed to increase by between 2% - 10% depending on the type of charge.
- The proposed fees and charges for 2025/26 are attached at Appendix A.
- The proposals would, at current usage levels, generate further income from fees and charges of an estimated £176,910. No increase in fees and charges (apart from Planning Fees and Garden Waste charges) had been included in the draft budget report so this amount would reduce the current estimated shortfall for 2025/26.
- The estimated additional income assumes current usage/activity levels are maintained for 2025/26. Any reduction in the level of increases proposed or reduced usage/activity levels will reduce the estimated additional income.
- Consequently, alongside the proposed increases, the emphasis is also on maintaining or increasing usage/activity levels in order to maximise income.

3 Recommendations

- Members are asked to consider the proposals contained in this report and at Appendix A and to recommend to Cabinet the Fees and Charges to be included in the final budget proposals for 2025/26.

Report:

1 INTRODUCTION

- 1.1 The Draft Medium Term Financial Strategy and General Fund Budget 2025/26 considered by Cabinet on 16 December 2024 highlighted the significant challenges the Council faces over the medium term. Further details are contained in the draft budget report at a separate agenda item.
- 1.2 When reviewing the current level of fees and charges, officers have been mindful of the following principles:
- (i) The current economic climate and the consequential impact on residents and businesses;
 - (ii) CPI Inflation at September 2024 was 1.7% and currently stands at 2.6% (November 2024), a slight reduction over the last twelve months (3.9% in November 2023);
 - (iii) The need to remain competitive and maintain/increase activity levels;
 - (iv) Flexibility in the charging regime to encourage increased usage and to assist with meeting Corporate Priorities;
 - (v) The need to maximise income levels to assist with funding the Medium Term Financial Forecasts.
- 1.3 The Council is experiencing significant inflationary pressures relating to staff costs, energy and fuel costs, contract costs and supplies which are increasing at a higher rate than the prevailing CPI rate. Consequently, the majority of charges where we have discretion to amend are proposed to increase by between 2% - 10% depending on the type of charge.
- 1.4 The proposals would, at current usage levels, generate further income from fees and charges of an estimated £176,910. No increase in fees and charges (apart from Planning Fees and Garden Waste charges) had been included in the draft budget report so this amount would reduce the current estimated shortfall for 2025/26.

2 PROPOSALS

- 2.1 The proposed fees and charges for 2025/26, together with comparisons with current charges, percentage increase and financial impact are detailed at Appendix A.
- 2.2 Many of the fees and charges are non-vatable and are shown in Appendix A as either exempt(e), non-business(n) or zero-rated(z). All other charges are standard rated and shown inclusive of VAT, with the exception of the charges for South Fens Enterprise Centre, South Fens Business Centre, The Boathouse and Sutton Bridge Moorings, which are shown excluding VAT.
- 2.3 Some of the fees and charges are set centrally by government and other bodies and apply to all local authorities. These are included in Appendix A and cover the following:
- Licensing Fees issued under the Licensing Act 2003 and Gambling Act 2005.
 - Electoral Registration.
 - Environmental Health – Process Authorisation Fees and Ship Sanitation Certificates.
 - Planning Fees – annual increases by CPI as determined by government.
- There is no discretion in the setting of these fees.

- 2.4 Planning Fees are determined by government and following significant increases with effect from 6 December 2023, (Major Development application fees increased by 35% and by 25% for all other applications), from 1 April 2025, planning application fees will be subject to an annual indexation, capped at 10%.
- 2.5 The estimated financial impact of these increases has been included within the draft budget 2025-26 report at a separate agenda item.
- 2.6 Taking into account the principles detailed in 1.2 above, all Service Teams have assessed their charges for 2025-26 and their proposals are detailed in Appendix A.
- 2.7 Detailed service proposals are contained in the following sections together with some commentary explaining the rationale for the proposed charges for 2025/26. The following sections are in the same order as detailed in Appendix A.

3 GROWTH & INFRASTRUCTURE SERVICES

3.1 Wisbech Port – Statutory Harbour Dues (Wisbech & Sutton Bridge - Harbour & Light Dues, Conservancy Dues, Pilotage Dues and Additional Charges), Wharfage Dues (Wisbech only), Yacht Harbour (Wisbech only)

Statutory Dues

- Members will be aware that this Council is the Statutory Harbour Authority for the River Nene from Wisbech to the Bar Flat Buoy in The Wash. The Council is allowed to set charges to recover costs over a period of time, a principle re-iterated by the Department for Transport who have previously emphasised that there should not be any 'substantial or continuing subsidy from a local authority's general funds to its port'.
- These costs should be recovered from the charges levied on ships visiting Wisbech and Sutton Bridge using the Harbour Authority/Pilotage service. However, as a result of a continuing significant downturn in the number of ships visiting Port Sutton Bridge (and to a lesser extent Wisbech) over the past few years, the income received falls significantly short of the costs to provide this service.
- Currently, a review of the Port operations is ongoing in order to identify sustainable options over the medium and long-term. This will include a re-assessment of the costs of providing the service together with a charging policy which seeks to recover costs from the lower number of ships visiting the Port. Without a significant reduction in costs and/or a significant increase in shipping numbers, this will inevitably lead to a substantial increase in charges.
- As an interim measure, pending the outcome of the review and to continue to reduce the deficit in operating these services, it is proposed to increase the Statutory Dues by 10% (this follows a 25% increase in 2024/25).
- Members will receive further reports on the future strategy and direction of the Port operations in due course.

Commercial Fees

- As with the Statutory Fees above, the income from Commercial Fees (mainly Wharfage Dues at Wisbech) falls significantly short of the costs of providing these services.
- These services will also form part of the current review of Port operations. Based on the limited number of ships visiting Wisbech, the fees for the commercial operation would need to increase substantially in order to recover costs.
- Pending the outcome of the review and to continue to reduce the deficit in operating this service, it is proposed to increase the Commercial Dues by 10% (this follows a 25% increase in 2024/25).

- Additional charges at Wisbech Port are currently set at a level to recover costs and in order to keep pace with increased costs, these charges are proposed to increase by around 5%.
- Based on the estimated number of ships visiting Wisbech and Port Sutton Bridge in 2025/26, the proposed 10% increase in Statutory and Commercial Dues would generate around an additional £45,300 income. However, this is entirely dependent on achieving the estimated ship numbers visiting the Port. Consequently, this additional income is far from certain and should be treated with caution.

Yacht Harbour and Ancillary Charges

- As with the Statutory and Commercial Fees above, the income from mooring fees at the Yacht Harbour falls short of the costs of providing these services.
- It is important to note however that the moorings and ancillary services provided by the Council at the Yacht Harbour are discretionary services and do not have the same legislative requirements associated with the Statutory and Commercial operations at the Port. The principle of setting charges to cover costs (based on estimated occupancy levels) is however the same.
- These services are currently the subject of a detailed review by the Council's Transformation Team and the proposed charges result from their interim recommendations. The review also recommended that the fees for 2025-26 be set in advance to ensure all the appropriate communication to berth holders and invoicing for the new year can be completed so there is no delay in receiving income due. Yacht Harbour charges are increasing by around CPI and these have already been approved via a Portfolio Holder/Officer decision notice published on 3 January 2025.
- Following the completion of the Sutton Bridge moorings, the Council has entered into an agreement with Lincolnshire County Council, who own the moorings, to manage them on their behalf. This includes the collection of berthing rates.

3.2 Mini-Factories, Venture Court, South Fens Enterprise Centre, South Fens Business Centre and The Boathouse

- Rents have been reviewed in light of current occupancy rates and market comparisons. Following the changes agreed for 2024/25 (which removed the maximum rent ranges and also the minimum rent charge at South Fens Business Centre) it is proposed to increase the minimum rent charges by around 15% for the Mini-Factories, by around 18% for the South Fens Enterprise Centre and by around 1.5% for The Boathouse, with the minimum rent charge at Venture Court remaining the same. These proposals are considered to be appropriate for the local market. Actual rents are negotiable above the minimum charge per square foot/metre.
- The proposed rents would apply to new tenants and following rent reviews for existing tenants. Consequently, any estimate of additional income generated from these changes should be treated with caution.
- There has been a significant impact on room hire income over the past few years resulting from the Covid-19 pandemic. It is also proposed not to increase these for 2025/26 as these are set at a level to recover costs.

4 COMMUNITIES, ENVIRONMENT, LEISURE & PLANNING SERVICES

4.1 Environment Charges

- Generally, charges set at the discretion of the Council have been increased by around CPI.
- Process Authorisation Fees and Ship Sanitation Certificates are increased annually in line with DEFRA and the Association of Port Health Authorities recommended charges which have yet to be received.

4.2 Cemeteries Service

- The Council provides a burial service in 6 cemeteries across the District, whilst maintaining another 15 closed cemeteries. FDC works hard to make sure that the cemeteries are well kept places to visit. In order to deliver what visitors to the cemeteries expect, we work together with our contractor, Tivoli Group, to ensure that high standards are maintained.
- There are a variety of percentage increases in fees proposed and this is to ensure the fees reflect the cost of providing (direct contractor costs are expected to increase) and investing in the service (new Bereavement software is being procured to manage the service more effectively) and the limited size of the cemeteries themselves. The proposed fees remain comparable with neighbouring authorities.
- To increase transparency, a new line has been added for Public Health Funerals where it is proposed to continue to recover our reasonable costs.

4.3 Commercial and Chargeable Household Waste Services

- The commercial waste services are subject to competition from the private sector. However, the service continues to be subject to higher than CPI cost increases, particularly in relation to staff costs, waste disposal costs, recycling sorting and treatment costs and fleet costs. Consequently, all charges have increased with some by up to around 20%. The proposed charges are still considered to be competitive.
- The Bulky Household Waste collection charge has been rationalised in recent years to make the charges more transparent and easier to calculate for customers, thereby supporting the approach to reduce the appeal of illegal collection services. For 2025/26 the minimum fee is proposed to increase to £37.50 (for up to 5 items) with a proposed increase in each item above 5 to £7.50. This is to reflect the continued increases in service costs.
- With effect from April 2017, the Council has been operating a chargeable garden waste service. Full details of the scheme and charges are contained in various reports to Members throughout the last seven years. As the charges for 2025/26 have already been set (annual subscription if paid by direct debit increased to £47 and if paid by debit card/cash, to increase to £59), the estimated financial impact of the scheme has been included in the draft budget 2025/26.

4.4 Markets and Fairs

- It is proposed that charges increase by around CPI.

4.5 Leisure Services

- Members will be aware that from 4 December 2018 new management arrangements are in place at the Council's Leisure Centres. The setting of charges at the leisure centres (with a few minor exceptions) are now the responsibility of Freedom Leisure, the management contractor.

4.6 Travellers Sites

- The Council operates and manages 5 sites comprising 64 pitches, situated in Wisbech, Wisbech St. Mary, Murrow, Parson Drove and Chatteris, on behalf of Cambridgeshire County Council (who owns them). Site rents (including water charges) are proposed to increase by 2.7% in order to continue to cover costs and provide the necessary services and improvements to the sites. Any surpluses generated from these rents are re-invested in the sites in accordance with the management arrangements agreed with Cambridgeshire County Council.

4.7 Homeless Persons Accommodation

- The council is reviewing support requirements for residents at Creek Road hostel. The rationale is the creation of a new service that delivers an in-house support and management service to provide hands on support for clients who are homeless and residing within the 7 units at 372-374 Creek Road March. The work helps reduce the risk of repeat cycle of homelessness when the client is rehoused. A new post has been created to do this work.
- The additional support is to be funded by the introduction of a housing support management service charge which is shown within the separated out eligible service charge. At the same time service charges have been reviewed and are proposed to be increased to fully recover the costs of the additional services that tenants receive at the hostel. The rent is proposed to be increased to the local housing authority (LHA) rate in the Broad Rental Market Area.
- The charges now include for Rent, Eligible Service Charge (for reclaimable Housing Benefit Subsidy) and an Ineligible Service Charge (not reclaimable from Housing Benefit Subsidy). As a result of the above changes to the service, Rent and Service Charges have increased substantially.
- No increases in rents of the temporary accommodation properties (leased from Clarion) are being proposed as this would adversely affect the amount of housing benefit subsidy the Council would receive.
- As the Local Authority Housing Fund (LAHF) properties are owned by the Council, Broad Rental Market Area rents are charged for these properties as there is no impact on housing benefit subsidy for those tenants in receipt of housing benefit. No rent increases are proposed for these properties in line with the government proposals to freeze Local Housing Allowance rates in 2025.
- Members will be aware that the Council is currently in the process of identifying further properties to purchase to help reduce the significant cost of providing temporary accommodation (eg. Bed & Breakfast) for homeless persons.

4.8 Planning Fees

- Planning Fees are determined by government and following significant increases with effect from 6 December 2023, (Major Development application fees increased by 35% and by 25% for all other applications), from 1 April 2025, planning application fees will be subject to an annual indexation, capped at 10%.
- Ancillary charges are proposed to increase by between 4% - 11% but very limited income is generated from these.

4.9 Licensing

- Licensing Fees issued under the Licensing Act 2003 and Gambling Act 2005 are set by government and no increases are proposed for 2025/26.
- Following a review of officer time to complete tasks associated with Animal Welfare Licensing, the majority of fees for 2025/26 are proposed to increase above CPI but now better reflect the cost of providing this service.
- No increases are being proposed for Hackney Carriage/Private Hire Licence charges for 2025/26 as the Council will be reviewing the applications processes with the intention of streamlining the service and to reduce costs.

5 RESOURCES & CUSTOMER SERVICES

5.1 Land Charges

- From September 2022, Full Residential or Commercial Searches as well as an LLC1 only search became the responsibility of HM Land Registry and consequently we no longer need to set a charge for these searches.
- This Council will continue to provide replies to CON 29 residential and commercial enquiries as well as additional questions. It is proposed that FDC's element of these charges are increased by between 10% - 17% for 2025/26 to better reflect the cost of providing this service.
- Some of the fees contain an element set by Cambridgeshire County Council and they are proposing increases of between 10% - 17% for 2025/26 as detailed in the attached schedule.

6 FINANCIAL SUMMARY

- 6.1 The proposals in sections 3-5 above and Appendix A would, at current usage levels, generate further net income from fees and charges of an estimated £176,910. No increase in fees and charges had been included in the draft budget report (apart from Planning Fees and Garden Waste charges) so this amount would reduce the current estimated shortfall for 2025/26. The estimated additional income assumes current usage/activity levels are maintained for 2025/26. Any reduction in the level of increases proposed or reduced usage/activity levels will reduce the estimated additional income.
- 6.2 Of this additional income, around £45,300 is a result of the 10% increase in Port Dues which is entirely dependent on achieving the estimated ship numbers visiting the Port. Consequently, this additional income is far from certain and should be treated with caution.
- 6.3 In addition, the proposed significant increases in Cemeteries and Commercial Waste charges would generate additional income of around £43,880 and £28,950 respectively. This is based on current usage/activity levels being maintained for 2025/26 which is far from certain.
- 6.4 The total estimated fees and charges which will be included in the final budget report for 2025/26, will take into account both the agreed level of fees together with the latest estimated usage/activity levels which may well be different than those assumed in the draft budget report.
